

Project Scope

GeoComm will assist the State of Iowa HSEMD in establishing statewide NG9-1-1 GIS standards and assess the existing GIS map data layers at a local level to determine suitability for use in the State of Iowa's NG9-1-1 system.

NG9-1-1 Educational Campaign

The Iowa HSEMD and GeoComm are jointly hosting educational webinars for Iowa PSAP representatives, city and county GIS representatives and other public safety stakeholders that will provide an overview on the development of the statewide NG9-1-1 GIS Standards.

Successfully implementing NG9-1-1 at the statewide level requires significant cooperation from local jurisdictions.

When & Time:

Friday, May 2 at 10 a.m.
Wednesday, May 7 at 10 a.m.
Wednesday, May 7 at 2 p.m.
Thursday, May 8 at 10 a.m.

Where: webinar – GoToMeeting
(Instructions will be sent upon registration)

RSVP to: chayes@geo-comm.com by Thursday, April 24
